

making an impact

tennyson center for children at colorado christian home

Dear Friends,

Do you feel like you are on a financial roller coaster? Does it seem like you reached the apex awhile back and you're speeding toward a bottom that you cannot see? I think my predecessor, Don Brewer, might describe it as riding Space Mountain at Disneyland. He has some experience with that roller coaster in the dark. I'm gaining some experience with the roller coaster of this economy.

When riding a coaster, which I love to do for fun and which this economy is not, I do best when I stay very focused on what I can see immediately ahead. That may be just the person or car in front of me! That focus gets me through the twists, turns, loops and dives.

A similar kind of focus keeps us "on track" and helps us as we serve the children and families we encounter through all of our programs here at Tennyson Center for Children at Colorado Christian Home. That focus is our mission as we "work with children, youth and their families to overcome a variety of life crises, including abuse and neglect." That focus is a child who is failing in school. That focus is the child and family torn apart by abuse and neglect.

During this past year we have tried very hard to stay focused on what we do best with children and families. We have increased the number of children we serve by over a third from the previous year. We are pushing the limits of our current capacity in our classrooms and cottages and we are seeing more families in our community based programming. And we have done this in a very uncertain economy, which is just the kind of economy that creates the stress that leads to family crises and in some cases abuse.

This report reflects that you have kept the children and families in your focus as well. Your support of our mission and these children has also kept us "on track" so that we can successfully meet all the challenges these children bring to us. Your gifts of time, talent and treasure help us to also successfully meet the financial challenges we face.

I know it hasn't been easy to continue to give...many of you have done so sacrificially. The roller coaster ride is not yet over. We will stay focused on the mission. Please know your generosity is appreciated by all of us who serve here and that your gifts, in whatever form, are appreciated and managed to the best of our ability. They truly do make a difference in the lives entrusted in our care.

For the Children,

Bob Cooper, President & CEO
Tennyson Center for Children at Colorado Christian Home

ABOUT THE COVER

It's sometimes difficult to fully comprehend the kind of impact which the simplest actions of one person can have upon the world around them. Much like the impact which one small drop of water has upon the surface of a calm, glassy pond, your actions have had a profound impact upon the work we do and an even greater impact upon the children we serve at Tennyson Center for Children at Colorado Christian Home.

EXECUTIVE TEAM, FY 2008

Robert Cooper, Chief Executive Officer
Richard Thorgren, Chief Operating Officer
Lyn Woods, Chief Development Officer

Residential. Our programming continues to be flexible and individualized for the client's specific needs, while attending to decreased lengths of stays in order to successfully return the youth back to the community setting. The four cottages, including Stepping Stones short-term adolescent TRCCF, ran comprehensive programming addressing the needs of youth in the arenas of therapy, education, health, recreation, experiential learning, spiritual growth, social skill development and healthy relationships. Census increased during the last quarter, with referral requests ranging from statewide counties, mental health agencies, and private referrals. Additionally, we embarked on an exciting research project with The Colorado Association of Family and Children's Agencies (CAFCA) to develop outcome measures that will look at the changes youth experience in residential care over time.

Education Services and Day Treatment. The on-campus school and day treatment programming remains strong and active with high census and creative teachers! Denver Public School District continues to place students directly in the IDEAL program, a specialized education program to assist in the return to a public school setting. Our expansion to the secondary education program is in full force, offering education to our Stepping Stones residential and Day Treatment youth. Tennyson Center's school program is a leader in transitioning youth back to the public school setting.

School-Based Education Services. Our successful partnership with local school districts is evident at our Littleton Day Treatment program at Hopkins Elementary School in Littleton, servicing three school districts. Our Public School Support Specialist provides behavioral support and intervention within the Douglas County School District. This unique partnership allows increased therapeutic and behavioral services to students which lead to increased student success and prevention of out-of-district placement.

Home-Based and Community-Based Programs. As the field of child welfare and research discuss that the greatest outcomes occur when working with families in their natural environment, Tennyson Center has taken the lead in this arena! The community-based team continues to work with the clients in the home and community environments, addressing daily life issues while teaching them the skills for self-sufficiency. This unique service within our continuum of care assists with prevention of family disruption and out-of-home placements.

Office of Strategic Initiatives/Every Child Matters . TCC was pleased to open a new division in 2008 in the Office of Strategic Initiatives (OSI), which focuses on government relations, public policy, civic engagement, and strategic collaborations that work to promote opportunity and improve outcomes for vulnerable children and families. OSI represents TCC in local, state, and federal legislative affairs. Additionally, OSI contracts for research, public education, and advocacy projects. OSI is also hosts and directs the Colorado Office of the national Every Child Matters Campaign.

Positive Behavior Support. The national model of Positive Behavior Support (PBS) is a "broad range of systemic and individualized strategies for achieving important social and learning outcomes while preventing problem behavior" (PBS Manual, Sugai and Horner, September, 2005). The Tennyson staff and our PBS Committee have fully engaged this evidence-based practice within the school system. The success is evident and will be tracked in 2009 via PBS' tracking program, SWIS. Monthly school assemblies celebrate the youths' progress and achievement.

Experiential Learning. Experiential learning is woven into many aspects of Tennyson's services for youth and families. The 2008 Summer Program, Challenge By Choice, offered up to ten youth involved an intense summer program bringing youth to emotional and physical growth through hiking, outdoor wilderness activities, camping and climbing Mt. Elbert once again!

THE YEAR IN REVIEW

During the calendar year of 2008, we serviced 366 children and 1,062 families in our programs. The continued challenge of Federal funding cuts impacted utilization of residential services statewide. However, Tennyson's focus on improved management of service utilization in addition to expansion of community-based care has opened doors for access of services in tight budgetary times. TCC embarked on full implementation of our enhanced management information system, providing expanded client information tracking, outcomes review and data management. And of course 2008 demonstrated another year of committed staff and dedication to TCC's mission.

Volunteers. We were privileged to have more than 1,000 volunteers help us fulfill our mission. Those dedicated individuals gave nearly 20,000 hours of service in a variety of capacities. Without our family of volunteers, we would be unable to fulfill our mission.

Golf Tournament. The 2008 annual golf tournament was our most successful ever. Held at the beautiful Sanctuary, the tournament drew 120 participants and raised \$342,000. The pre-tournament dinner at Fleming's Prime Steakhouse was once again the perfect way to kick off this incredible event in support of the children we serve.

Operation Santa. Tennyson Center's Operation Santa program has become one of Denver's favorite holiday charitable events. Our supporters once again helped to make the holiday season much brighter for children and families served by Tennyson Center. By fulfilling wish lists for the children, our programs, classrooms, and cottages as well as families we serve, nearly \$90,000 was raised in both cash donations as well as gifts-in-kind.

Regional Dinners. Supporters once again showed up in droves for all three of our annual, regional fundraising dinners. Our fiscal year kicked off in style with The Denver Dinner, held at the Korbel Ballroom of the Colorado Convention Center. With nearly 900 guests in attendance, the event brought in \$423,000 from our generous donors. The Northern Colorado Dinner took place in April at the Marriott Ft. Collins, raising \$52,500 in support of our mission. In September, friends of Tennyson Center from the Colorado Springs area gathered at the Cheyenne Mountain Resort where their efforts raised \$53,000. Thanks to everyone who helped make those events such successes.

Board of Directors Giving. The work being done at Tennyson Center for Children wouldn't be possible without the guidance and support of our respected Board of Directors. In fiscal 2008, their collective financial support of the agency brought in a total of \$448,212.

Employee Giving. The staff at Tennyson Center for Children shows their commitment to the kids we serve every day not only with their dedicated work, but also with their financial support. During fiscal year '08, we received \$65,782 in employee donations. Way to go, staff!

Web Giving. Our websites at www.childabuse.org and www.tennysoncenter.org once again drew hundreds of a record number of visitors from around the world, averaging 1.2 million hits per month. Among child abuse websites worldwide, the Tennyson Center website consistently averaged in the top three search results on Google and in the top five on MSN. Visitors who donated online via the website gave a total of \$38,400 in fiscal year 2008.

Direct Mail. Direct mail has long been a staple of the Tennyson Center Development efforts, but fiscal 2008 brought us our most successful efforts yet. For the first time in the history of the agency, our direct mail campaigns raised over \$400,000.

Corporate Support. We continue to increase our corporate partnerships with companies throughout Colorado who understand the value of giving back to the community. Whether through an employee driven fundraiser or a sponsorship contribution, Colorado companies showed their support of Tennyson Center for Children by donating more than \$552,000 in fiscal 2008. We are grateful for the generosity shown by these companies and we look forward to developing new partnerships as well.

IT TAKES THE ENTIRE COMMUNITY

We've all heard the saying, "It takes a village to raise a child." By the same token, it takes the entire community to help us fulfill our mission of service to children and families. From our volunteers who give of their time and their hearts to our generous donors who give their financial and gift-in-kind support, our successes are the result of a community-wide effort. In fiscal 2008, our community helped us raise a record \$3.4 million.

Gifts of \$499 and under

At Tennyson Center for Children, we value all gifts from our generous supporters. Our donors are the lifeblood of our agency. In order to fulfill our mission of service to the children, we need the \$10 gifts just as much as we need the \$10,000 gifts. During fiscal year 2008, in addition to the gifts already listed in this report, we were fortunate to receive 3,190 gifts of up to \$499.99, helping the children we serve with a collective total of \$253,987. There simply isn't room in a publication of this size to list all of those wonderful donors but please know that we are truly grateful for their support.

The Dr. James H. Tilsley Heritage Society

Dr. James H. Tilsley served as administrator at Tennyson Center for Children at Colorado Christian Home from 1949 until 1965. Ever an advocate for children, Dr. Tilsley left a legacy of love and care not only through the fond memories that many have of him and his work, but also by encouraging individuals to include the Home in their estate plans, as he himself did. Named in honor of this charismatic leader, The Dr. James H. Tilsley Heritage Society was established to recognize friends of the Home who have included Tennyson Center for Children in their estate plans. These very special friends join Dr. Tilsley in leaving a legacy in support of healing children and families.
